## *Accreditation Parent Survey*

**\*VOLUNTEERS NEEDED\***

**Accreditation Parent Survey:** Every five years, schools are required to go through an Engagement Review to be accredited. On Wednesday, March 7th, GHHS will host an Engagement Review team to earn our accreditation. Part of the accreditation process requires feedback from parents. We need at least 40 parents to participate in a 10-minute interview. Thank you for your assistance!

## *StreetSafe Teen Driving Program*

-  
GHHS PTSA is hosting the StreetSafe Teen Driving Program on Saturday March 10th from 9:00am - 1:30pm.

Students must have their NC learner permit. It is also recommended students have some behind the wheel experience. Parents are required to attend the first hour with their student.

Streetsafe is a non-profit program offering a unique hands-on driver session designed to make teens safer and more responsible on our roads. Taught in a controlled environment under the supervision of experienced law enforcement and fire personnel – the First Responders who know all too well the tragic results of unsafe driving - young drivers receive an eye-opening, hands-on experience. StreetSafe students will also experience what it's like to be a passenger in these dangerous situations, as well as participating in an inter-active discussion led by experts in the field of crash investigation and impaired driving. Our young drivers get to "See it, Hear it, Do it". And while they are learning, they're having fun!

Preregistration is required. Please visit the StreetSafe website using the link below and look for the Green Hope High School event on 03-10-2018.

## ***Peer-Mentoring Program at GHHS***

Green Hope's Student Services is putting in place a peer-mentoring program which will be pairing 9th graders with 11th graders! The purpose of this program is for 9th graders to potentially gain some insight into their future planning and school involvement by learning from their peers who have a few more years of experience at Green Hope under their belt. The mentors would be responsible for meeting with their mentees 30 minutes per week during lunch and would receive training before taking on a mentee. Because this is new and we want to make sure that we do it right, the number of students in each of the two grades that can sign up to participate will be limited to around 20 students so it is on a first come first serve basis. To sign up for this opportunity, students can fill out the google form: <https://goo.gl/forms/OdluIiHqu8h6n9D2>

## ***Healthful Living Classes***

Between February 20th and March 1st, all 9th graders in Healthful Living classes this semester will be viewing a Human Trafficking prevention presentation, as mandated by NC Senate Bill 279. Please be aware that students will be viewing sensitive materials. Information regarding the presentation has been distributed through healthful living classes. If you have concerns about your child's safety, please contact your child's counselor immediately for additional resources or call your nearest emergency room after school hours.

## ***Career Conversations***

## **FEBRUARY**
